

# Surge Protection Cabinets

Surge protection cabinets are dedicated to 230 / 400V Low Voltage Network (single phase or 3 phases+N).

These cabinets are based on the use of Indelec modular SPD. The implementation of these cabinets do not require any additional device, they are equipped with Surge protection device and relevant external protection fuses.

Several configurations are possible.

- Pre-wired cabinet type 1 and 2
- metallic or plastic box
- Waterproof
- Protection in common mode and differential
- Compliant to IEC / EN 61643-11
